

# AXCELLA A7 10W-40

Premium performance engine oil

---

## Product Overview

AXCELLA A7 SAE 10W-40 is a high performance semi synthetic engine oil that exceeds the latest industry performance standards required in today's gasoline and diesel automobile engines. Actively maintains overall engine cleanliness preventing the build up of harmful deposits, sludge, wear and varnish in a wide range of temperatures.

---

### Benefits

- Enhanced thermal and oxidation stability
- Excellent anti-wear properties
- Effective deposits control
- High viscosity index and shear stability protecting engine parts at high operating temperatures and reducing oil consumption

---

### Applications

- High performance, turbo-charged gasoline and diesel engines, as well as older normally aspirated models, of passenger cars, light trucks and vans

### Health and Safety

This lubricant is unlikely to produce any significant health or safety hazard when used in the application it has been designed for and according to the recommendations provided in the Material Safety Data Sheet. MSDS are available upon request through your sales advisor.

When disposing of used oil, please observe all current regulations and protect the environment.
