

CLEAN EF

Enviological Multipurpose Powerful Degreasing Fluid

Product Overview

CLEAN EF is an all-purpose concentrated cleaner, designed for areas where waste product can only be disposed of in storm drains. It is a safe alternative to many highly alkaline products designed for similar tasks. It does not contain sodium or potassium hydroxide. CLEAN EF satisfies international tests of OECD and ISO for unicellular algae and invertebrates representative of both fresh and salt water environments. It is biodegradable, contains no phosphates and has minimal impact upon the environment. CLEAN EF cleans engines, machinery parts, bodywork, floors, walls, showers and most hard surfaces.

Benefits

- Powerful solvency emulsifying properties provide exceptional cleaning ability
- No flash point – non-flammable
- Biodegradable and Environmentally friendly
- Orange citrus fragranced

Applications

- CLEAN EF is generally used in dilution rates from 1:50 to 1:10, by sponge or cloth, in pressure washers or scrubber dryers

Health and Safety

This lubricant is unlikely to produce any significant health or safety hazard when used in the application it has been designed for and according to the recommendations provided in the Material Safety Data Sheet. MSDS are available upon request through your sales advisor.

When disposing of used oil, please observe all current regulations and protect the environment.

CLEAN EF**Typical properties**

| Test parameters | Method | |
|------------------------------------|---------------|---------------|
| Density at 20°C, kg/m ³ | ASTM D 4052 | 1150 |
| Flash Point, °C | ASTM D 92 | None |
| Colour | | Orange Liquid |

Above characteristics are mean values given as information. They do not constitute a specification.
